Guide on EU funding for tourism

This online guide highlights the wide range of funding programmes financed by the new budget, multiannual financial framework 2021-2027, and Next Generation EU. With these resources and this guide, we're supporting the move towards a more digital, sustainable and inclusive EU.

The guide will help you find appropriate funding. It contains links to relevant EU programme websites with the latest developments (such as annual work programmes or calls for proposals) and further details per programme. For inspiration, you can also see concrete project examples funded by previous EU programmes. The guide is available in all EU languages via a high-quality machine translation tool.
